Technical Specifications

Construction	Hardwood design SPC planks with embossing and bevelled edges. PUR/UV PurKleen™ protected wear layer; supported by a composite AquaKore structure and acoustic cork backing.
Style	Drop Lock CLIC Floating Acoustic Installation System.
Standard	ASTM F3261
Total Thickness	5.5mm
Wear Layer	0.30 mm (12 mil)
Sizes	5" x 48"
Packaging: Pieces Box	12
Coverage: Sq.ft. / Box	19.86
Weight: Kg Box	15.87
Surface Finish	PUR/UV PurKleen™ Protection : No Wax, No Spray Buff, for the life of the product
Chemical and Stain Resistance	ASTM F925 : Compliant
Abrasion Resistance	ASTM F510 : Compliant 
Slip Resistance	ASTM D2047 / R9 : Compliant
Static Load Resistance	ASTM F970 : Compliant
Wheel Castor Resistance	EN 425 : Compliant
Dimensional Stability	ASTM F2199 : Compliant
In-floor Heating	Suitable for hydronic heated floor systems, maximum ambient room temperature 28°C (82°F)
Impact Insulation Class	ASTM E989 : 73 IIC
Sound Transmission Class	ASTM E413 : 67 STC
Flame Spread & Smoke Development	CAN/ULC-S102.2 / ASTM E648 Class 1 / ASTM E662 : Compliant
Phthalate Free	EN 14372 : Compliant
Indoor Air Quality, VOC Emission	FloorScore Certified
Recycling	100% Recyclable
Plant Certifications	ISO 9002, ISO 14001, OHSAS 18001
Health & Safety	Complies with REACH regulations
Limited Warranty	Residential: Lifetime
