

Effective ways to REMOVE YELLOW STAINS from linoleum flooring

Cleaning Supplies

The most effective and safest way to remove stains from linoleum flooring is to use high-quality cleaning products combined with a natural cleaning solution.

Here's what you'll need

LINOLEUM FLOOR CLEANER

BAKING SODA

LEMON JUICE

SPONGE OR SOFT RAG

BROOM OR VACUUM

MOP & BUCKET

Step by Step Instructions

1

Vacuum or sweep away dirt and debris from the area.

Mix baking soda and lemon juice to form a paste.

2

3

Apply baking soda and lemon juice paste directly onto the yellow stains.

Let sit for 10-15 minutes to effectively lift the stains.

4

5

Use a soft rag or sponge to wipe the mixture away.

Mix a gallon of hot water and a few drops of floor cleaner.

6

7

Dip your mop in the bucket and wring it out thoroughly before mopping your linoleum flooring

Rinse the floor with clean hot water to remove any lingering cleaning solution

8

9

Dry the surface with towels to protect linoleum flooring from excess moisture
